**Declaration of Conformity:**

- **REACH Regulation (1907/2006/EG), SVHC Candidate List dated 14.06.2023**
- **RoHS Directive (2011/65/EU and 2015/863/EU)**
- **WEEE Directive (2012/19/EU)**
- **ELV (2000/53/EC)**
- **POP ((EU) 2019/1021)**
- **Conflict Minerals**

Dear Sir or Madam,

As a manufacturer of technical articles made of polyurethane elastomers, we are a "downstream user" (producer of articles) according to the REACH Regulation. Obligations relating to the manufacture and placing on the market of substances / chemicals for pre-registration and registration (ECHA) are not applicable for us. Our products are articles and therefore cannot be defined as substances or preparations. Moreover, no substance is released from our articles under normal and foreseeable conditions of use. Thus, ACLA-Werke GmbH is not subject to compulsory registration and is not obligated to create safety data sheets. In order to guarantee our customers a continuous supply of reliable and safe products, we ensure that our suppliers comply with all requirements with relation to chemical substances and materials. According to information from our suppliers, the materials we use do not contain any substances from the SVHC candidate list of the European Chemicals Agency (ECHA 235 substances; as of 14.06.2023) or the maximum permissible limit values are complied with. Thus, ACLA-Werke GmbH also does not supply any products that fall under the SCIP regulation.

As soon as we find out that our products are subject to notification according to Art. 33, we will inform you without being asked. The requirements of the European REACH regulation are known to ACLA-Werke. A database has been created at ACLA-Werke in which the substances, preparations and products used are listed for all products.

We declare on the basis of the information provided by our suppliers that the products of ACLA-Werke comply with the requirements of the REACH Regulation.

Furthermore, we confirm that our products are compliant with the following directives and manufactured in accordance with their applicable requirements:

- 2011/65/EU (RoHS II)
- 2015/863/EU (RoHS III)
- 2012/19/EU (WEEE)
- 2000/53/EC (ELV)
- 2003/11/EC (PentaBDE / OctaBDE) & 2006/122/EC (PFOS)
- (EU) 2019/1021 (POP)

ACLA-Werke GmbH also confirms that the products supplied by us do not contain any conflict materials (3TG) as defined in the Dodd-Frank Act or via the Conflict-Free Sourcing Initiative (CFSI).

Yours faithfully,

Cologne, 30.06.2023
