

Declaration of Conformity as to REACH-Regulation (EC) No. 1907/2006

Manufacturer of products/systems to which this declaration refers:

ACLA-WERKE GmbH (hereafter referred to as ACLA)

Classification

According to article 3, no. 13 of REACH regulation **ACLA** is a downstream user and therefore not obliged to register its products and systems. Downstream users have to guarantee within statutory periods that they use registered substances only.

Basis of this Declaration of Conformity

ACLA know the requirements of European REACH regulation. **ACLA** has built a data bank for all substances, preparations and products used for its products. **ACLA** has requested its suppliers to pre-register the substances and preparations listed for Acla's application. Our suppliers confirmed that they finished their pre-registration or that they are about to register their materials to guarantee REACH conformity for **ACLA** products. As far as pre-registrations by our suppliers have not yet finished, we will follow up that they will meet the deadline.

ACLA confirms on the basis of the information received from our suppliers that ACLA products/systems meet the requirements of REACH regulation.

According to the actual status of our knowledge no **ACLA** product/system contains any chemicals in a concentration > 0,1 % (w/w) and which are listed as substances of very high concern (SVHC) in the candidate list of European Chemicals Agency (ECHA, edition: 15.06.2015).

Other rules guaranteed by this declaration:

Rules 2011 / 65 / EU RoHS and 2002 / 96 / EC WEEE

Köln, 01.09.2015

.....
